

School performance data for 2018

Attainment

Children either reached expected standard (EXS) or achieved greater depth (GDS). These are taken from scaled scores (SS) with 100 being the expected grade. Below are the percentages of our children at the expected standard, greater depth standard and our average scaled score alongside provisional Local Authority and National averages.

Writing is based on teacher assessment so there is no standardised score for writing or combined (Reading, Writing and Maths).

Progress in Reading Writing and Maths from KS1-KS2

A school's progress scores in English reading, English writing and mathematics are calculated as the average of its pupils' subject progress scores. These scores give an indication of whether, as a group, pupils in the school made above or below average progress in a subject compared with pupils with similar starting points in other schools.

A negative English reading score does not mean that pupils did not make any progress between key stages 1 and 2. A negative score means that they made less progress than other pupils nationally with similar prior attainment.
